Definitely one of the better publication I have got possibly read. It really is writter in basic phrases and not difficult to understand. You wont sense monotony at anytime of your respective time (that's what catalogs are for about if you request me).

Oxford University Press, USA. Paperback. Book Condition: New. This item is printed on demand. Paperback. 368 pages. Rainbows End tells the story of the stock market collapse in a colorful, swift-moving narrative that blends a vivid portrait of the 1920s with an intensely gripping account of Wall Streets greatest catastrophe. The book offers a vibrant picture of a world full of plungers, powerful bankers, corporate titans, millionaire brokers, and buoyantly optimistic stock market bulls. We meet Sunshine Charley Mitchell, head of the National City Bank, powerful financiers Jack Morgan and Jacob Schiff, Wall Street manipulators such as the legendary Jesse Livermore, and the lavish-living Billy Durant, founder of General Motors. As Klein follows the careers of these men, he shows us how the financial house of cards gradually grew taller, as the irrational exuberance of an earlier age gripped America and convinced us that the market would continue to rise forever. Then, in October 1929, came a perfect storm-like convergence of factors that shook Wall Street to its foundations. We relive Black Thursday, when police lined Wall Street, brokers grew hysterical, customers bellowed like lunatics, and the ticker tape fell hours behind. This compelling history of the Crash--the first to follow the market closely for the two years leading up to the disaster--illuminates a major turning point in our history. This item ships from La Vergne,TN. Paperback.
