Arcadia Publishing, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Title: A pictorial history of rural James City County Author: Jim Izzo Publisher: Toano-Norge Times Date: 4/27/09 Get out. Explore James City Countys ancient landscape. One will find, even in these modern times, traces of the past, writes Sara E. Lewis at the end of her new book, a pictorial history of rural James City. For those relatively new to this area, Lewis book is a good place to start your exploration. Ive had it in mind for awhile, having lived here for 30 years, but it was a difficult decision to do a book about James City County, because there are so many professional historians here, Lewis explained during a recent phone interview. Her first pictorial history was about Gloucester County, where she grew up; her second book focused on Mathews County, where her parents grew up and which still has mostly longtime residents. James City and Gloucester counties have many residents relatively new to the area. With hundreds of photographs of the people and places that illuminate rural James City, preceding its growth as a predominantly exurban area, Lewis book is a chronological summary of this historic area of Virginia, from the founding of the Jamestown settlement in 1607 to the middle of the 20th century. Oral legends, written memoirs, newspapers, and scholarly research were used to write the text. The photographs, contributed by many individuals whose families have lived in the area for generations, capture images of the county beginning about 125 years ago, which commemorate the rural way of life. The book is available everywhere, including Barnes and Noble, Amazon and Colonial Williamsburg.
